Re: B.P. Minerals  
Barney's Canyon  
Piezometer Approval

Dear Mr. Ramsey:

We have reviewed the plan showing the details for installation of piezometers to monitor the head of process fluids on the geomembrane of Heap Leach Pad BC-1. The details are satisfactory and are hereby approved.

We understand that the piezometers will be located by survey to insure the reliability of the data which will be collected.

Please call if there are any questions.

Sincerely,

Utah Water Pollution Control Committee

Don A. Ostler, P.E.  
Executive Secretary
